- Positive loss experience and commitment to risk management

Quick Quote Submission

You can expect contact from an underwriter within **48 hours** of receipt of submission. We are often able to provide solutions to unique problems for clients whose needs can vary in this space. We offer unique coverage intended to protect you from the liabilities that arise from joint venture operations, particularly when you are the operator of a project.

Primary Target Risks (Canadian Domiciled Mines)

- Canadian surface mining operations / open pit mines
- Solution mining / in-situ extraction operations, including critical metals and minerals, potash, etc.
- Producers of metals, minerals, and precious stones
- Junior Mining Operations, Junior ExplorCo's etc.

Mining Contractors & Mining Support Services

- Contract mining operations, and mining support contractors
- Exploratory drilling and blasting contractors
- Heavy civil and earthworks contractors
- Environmental and reclamation service providers
- Geotechnical, core drilling, and surveying firms
- Electrical and power mining infrastructure contractors
- Heavy equipment suppliers, service, rental, and maintenance providers
- Bulk commodity trucking and material handling operations

Mining "adjacent" quarrying & Aggregate operations

- Sand and gravel pits
- Limestone quarries
- Marble and granite operations
- Aggregate producers and bulk material extraction operations
